Dear Karen,

Please accept our thanks and appreciation for delivering a terrific session to our local chapter presidents on communicating and extending the WCR brand.

Your session received outstanding evaluations from the 200 members present, no doubt because it was packed with information designed to be put to use right away, and because your presentation style is so engaging.

I especially appreciate the time and energy you dedicated to customizing your presentation to the needs of our audience. It really adds a whole new dimension that is lacking in many speaker presentations.

We look forward to working with you again.

Best regards,
